How can we make the program more user-friendly and attractive?

- You have done a great job this year, adding new Rosetta Stone levels for us! Thank you.
- A digital guide like video for Rosta Stone
- I can't think of any great suggestions just now. Your staff are always so helpful
dealing with any little software or hardware glitch. Thank you for being there faithfully and for keeping the Rosetta Stone offerings growing! Blessings!

It would be cool to get to choose the picture on the passport

A great addition to the program would be if it were possible for students to log LLC hours by accessing the program remotely. I realize that there would be issues of whether students were actually using the program while they were logged in or if they were just leaving the program logged in over night, but this can be alleviated if the system timed out after ten minutes, due to inactivity.

Thank you is a great plan, and help me
